COMMENTS FROM THE TOWN MANAGER'S OFFICE

I received some information in the mail this week that deals with "Medicare" or Health Insurance for the aged. There is a brief explanation of the program and it tells what anyone should do to get more detailed information and applications.

Anyone who has any questions about the program should call or write the Social Security Office, 536 Lisbon Street, Lewiston.

If I can be of any assistance to anyone I will be glad to do anything that I can. Any questions regarding applications or eligibility should be directed to the Social Security office.

I also received a set of preliminary plans for the Route 2 project on Bridge Street and new bridge over the Androscoggin.

There is a letter with the plans that explains the extent to which the plans can be used. The plans are in the Town Office and can be seen by interested parties. I might add that about all the plans contain are the existing features and the proposed location for the new bridge.

The highway crew will start the improvements on the airport this week. There is a limited amount of money available but there is enough to do some grading of the slopes on the edge of the strip. The town meeting in March appropriated \$500 and authorized the transfer of the excise tax collected on planes for use in improvements to the strip. Some fill will be hauled in to level up the west end of the strip. There are places where the slopes will be cut down so that the slope will be flat enough for an air plane to go up over if the pilot should lose control. The excess that is cut from the high slopes will be put on other slopes that drop at a rate that is too steep for a plane to go down over.

It has been quoted, "I prayed for Faith and thought that some day Faith would come down and strike like lightning. But Faith did not come."

GOULD SPORTS' TEAMS HONORED AT BANQUET

Training diets were forgotten as members of Gould Academy's hardworking football and cross-country teams were guests at a banquet in their honor Saturday night at the West Parish Congregational Church. The Greater Bethel Chamber of Commerce were the hosts for the occasion with Norris Brown managing the kitchen operations, serving a spaghetti supper.

Except for the nervousness of captains Michael Chretien of the football team, and Vaughn Damone, of the cross country squad, a good time was had by all. Mike and Jake weren't sure, until the last minute, whether they would have to help with the speech-making.

The speeches were kept to a minimum—everyone, sooner or later during the season which brought home a few trophies, had exercised his vocal chords. James Fiske, vice president of the Chamber was toastmaster.

It was the pleasure of the Chamber to confer on coaches, Robert Scott, and Frank A. Vent, Jr., its Certificate of Merit, which has been awarded for outstanding for signal occasions of bringing honor to the area.

Chryles of the evening came when Coach Scott told of the criticism one of the local news papers of a rival team's town had to make about his ability to size up a football team.

It is well remembered that Scott faced the season with strong doubts, but ended it happy to discover that he had a team which could make him seem a poor judge.

In receiving his certificate as a man "behind the team," Vent said it was literally true, as he found out on one occasion when he tried to run with his pack.

And, last, but not least, which other Chamber bands put away the last of the dishes, Fiske introduced a "pre-recorded" film as the brief entertainment of the evening. It was the Gould-Mexico game as filmed by Mexican people, and somehow, technical difficulties occurred as the film started the first line.

'65 CROSS COUNTRY TEAM ENJOYS BANNER YEAR AT GOULD

The 1965 Gould Academy cross country closed out its season by winning the State Regional meet at Farmington, the Mountain Valley Conference championship, the Class M State Championship, the Western Maine Conference Championship, and they were fourth in the New England Championships.

Their regular season record

GOULD 1965 GRID SEASON SUCCESSFUL

Let by outstanding quarter-back Captain Mike Chretien the Gould Academy football team enjoyed a highly successful season. Sharing the Class "C" crown with Hall-Dale the "Huskies" rolled up 208 points while limiting the opposition to a mere 19 points. Gould and Hall-Dale also shared the Mountain Valley Conference championship.

In addition to Chretien Gould's offensive power centered on hard-running fullback Ray Atwood and scatback George Nickerson. Brian Buck rounded out the experienced backfield which has only Nickerson returning next year. The offensive line developed rapidly and proved to be stronger than anticipated earlier in the season by veteran coach Bob Scott.

Lee Vail, Harlan Bean and Barry Salway were the defensive stalwarts ably backed by juniors Tom Davis, Mark Vail and Alanson Lovejoy. Salway, the shortest man on the squad at 5' 4", proved his worth on many occasions by making several key tackles.

Coach Scott will have 18 let-

CUB SCOUTS. Den 1 met at Mrs. Walker's after school. When we got to our den mother's house we ad-vised the flag. We worked on our bird feeders. Then we played outside until 3:30 p. m. Mr. Walker took us in his car to Hanover Dovel, at 4:00 p. m. First, we went to the birch mill and there we saw birch trees cut down. Then we went to the en-gine room. There we saw the en-gines take the bark off the logs. After that we went to the dry kiln. We saw 4 inch boards made into 6 dowels. Afterwards we went to the sawdust. There we saw some saws that cut the boards from the dowels. Next we saw the paint room where they colored the dowels. We saw the pin machines make pin do-wels. We were given some dowels to take home. We enjoyed our trip through the mill very much. -Keeper of the Buck-skin, Richard Jackson.

"The acceptance of individ-ual responsibility behind the wheel and walking in traffic is an absolute 'must.' Enforce-ment officials and safety organ-izations must meet their obli-gations to the best of their abil-ity, but without conscientious strict observance of the law and of common sense safety rules, by those who drive and walk in traffic, the traffic toll will continue to soar. SUNDAY RIVER

— Mrs. R. M. Fleet, Cor. —

Ernest Verrill and doctor friend and son of Concord, Mass., was in town the last of the week hunting and went back Sunday with no game.

The hunters at Mrs. Mary Morin's have returned home with two coons and some deer.

Enoch Foster of South Paris has been in town hunting and stayed at Stan Roberts' camp.

Little Tammy Fleet had the misfortune to fall up stairs and break her collar bone on the edge of the bottom step. So she is celebrating her second birthday today, Nov. 21, well strapped up.

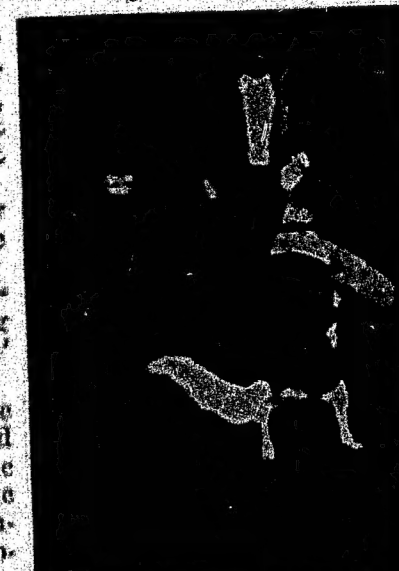

A Real Hard-to-get Deer

When it takes two men, a five ton tractor and a ten wheel truck, a day of hiking in snow and rain right to the top of Old Slide Mountain in Ketchum where the happy hunter, Tom Yates, a native of their neighborhood and the well known guide and hunter, David Fleet started Tuesday morning. Tom after traveling most to the top of Slide saw his game and got it. Then came the thought of getting it out. The ten or more point buck, as some of the points were not too good, proved to be too big a drag and the old logging road bridge had fallen down since last year. Tom carefully marked a trail back to the car where he signalled to David and they got together with the idea that it was getting too late in the day to return for said buck, they would return home.

So Wednesday morning, early, they took the above equipment and started back for the big job, also with plenty of rain. About one-thirty in the afternoon they returned with said buck on the top of the tractor and the tractor on the truck body. He was unloaded by the truck power loader into the rear of Fleet's scout and with all haste to the tagging and weighing station with the storm changing to sleet and thunder shower with very

A RED JACKET

Here is a safety precaution for a pet that has white or tan color that might be mistaken by a hunter.

This dog is white with very large tan spots. All summer he has been in the woods every day with his master, Bryce Yates, staying in or near the

bright colored lightning. Two happy men but wet and tired.

Yes, they still have big ones in Maine that don't always get away as it weighed in at 254 which means over 300 alive.

truck. But when hunting season came, he had to stay home the first few disappointing days until Mrs. Yates came up with this very bright red blanket which he wears very proudly. Then back into the woods he goes. His name is Blazer but is commonly called just plain Bo. He has a total of twelve coon to his credit this fall, even though he is a trained bobcat dog. He is a great friend of all the children. A game of ball is in progress in this photo. The children are left: Jeffrey Fleet, Darnita Yates about to take the ball and Edwick Yates on the ground in the right partly hidden.

There is also an all black dog of Mrs. Mary Morin with a bright blue collar around his neck.
